INDEPENDENT AUDITORS' REPORT

TOWNSHIP OF COOLBAUGH, MONROE COUNTY, PENNSYLVANIA

REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the **Township of Coolbaugh, Monroe County, Pennsylvania**, as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents. The prior year summarized comparative information has been derived from the Township's 2013 financial statements and in our report dated March 31, 2014, we expressed unmodified (Modified Cash Basis) opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information.

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

AUDITORS' RESPONSIBILITY

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

LEHIGH VALLEY AND POCONO MOUNTAINS

EMPHASIS OF MATTER

As discussed in Note 1, The Township of Coolbaugh prepares its financial statements on a modified cash and cash basis of accounting, which are a comprehensive basis of accounting other than U.S. generally accepted accounting principles. Accordingly, the accompanying financial statements are not intended to present financial position and results of operations in conformity with U.S. generally accepted accounting principles.

OPINIONS

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Township, as of December 31, 2014, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles described in the previous paragraph..

OTHER MATTERS

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the Required Supplementary Information, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

OTHER INFORMATION

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Township's basic financial statements. The combining and individual non-major fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual non-major fund financial statements are fairly stated in all material respects in relation to the basic financial statements as a whole.

OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with Government Auditing Standards, we have also issued our report dated March 31, 2014, on our consideration of the Township’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Township’s internal control over financial reporting and compliance.

INDEPENDENT AUDITORS' REPORT on INTERNAL CONTROL over FINANCIAL REPORTING and on COMPLIANCE and OTHER MATTERS BASED on an AUDIT of FINANCIAL STATEMENTS PERFORMED in ACCORDANCE with GOVERNMENT AUDITING STANDARDS

TOWNSHIP OF COOLBAUGH, MONROE COUNTY, PENNSYLVANIA

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of **Township of Coolbaugh, Northampton County, Pennsylvania** as of and for the year ended December 31, 2014, and the related notes to the financial statements, which collectively comprise Township's basic financial statements and have issued our report thereon dated March 31, 2015.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audit of the financial statements, we considered the Township's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

TELE: 610.625.1490
WWW.BUSHTA.COM
BETHLEHEM, PENNSYLVANIA

LEHIGH VALLEY AND POCONO MOUNTAINS

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the Township's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards.

PURPOSE OF THIS REPORT

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MARCH 31, 2015

MANAGEMENT'S DISCUSSION AND ANALYSIS

TOWNSHIP OF COOLBAUGH
MANAGEMENT'S DISCUSSION AND ANALYSIS
DECEMBER 31, 2014

The discussion and analysis of Township of Coolbaugh's financial performance provides an overall review of the Township's financial activities for the year ended December 31, 2014. The intent of this discussion and analysis is to look at the Township's financial performance as a whole; readers should also review the notes to the basic financial statements and financial statements to enhance their understanding of the Township's financial performance.

Township of Coolbaugh was founded in 1794. The Township operates under an elected Board of Supervisors, and provides the following services to its residents: public safety, highways and streets, sanitation, culture-recreation, planning and zoning, and general administrative services.

FINANCIAL HIGHLIGHTS

Key government-wide financial highlights for 2014 are as follows:

- In total, Net Position were \$15,272,575.
- General revenues accounted for \$5,874,126 in revenue or approximately 80% of all revenues. Program specific revenues in the form of charges for services, operating grants and contributions, and capital grants and contributions accounted for \$1,780,186 or approximately 20% of total revenues of \$7,654,312.
- Total assets were \$18,997,842 of which \$1,215,499 represents unrestricted cash and investments. Fixed assets, net of accumulated depreciation were \$16,960,542.
- The Township had \$8,143,468 in expenses; only \$1,780,186 of these expenses were offset by program specific charges for services, grants, or contributions. General revenues (primarily taxes) of \$5,874,126 were adequate to provide for these programs.
- Expenses, after program revenue was \$6,363,302.

TOWNSHIP OF COOLBAUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

DECEMBER 31, 2014

USING THIS GENERAL ACCEPTED ACCOUNTING PRINCIPALS REPORT (GAAP)

This annual report consists of a series of financial statements and notes to those statements. These statements are organized so the reader can understand Township of Coolbaugh as a financial whole, an entire operating entity. The statements then proceed to provide an increasingly detailed look at specific financial activities.

The Statement of Net Position and Statement of Activities provide information about the activities of the whole Township, presenting both an aggregate view of the Township's finances and a longer-term view of those finances. Fund financial statements provide the next level of detail. For governmental funds, these statements tell how services were financed in the short-term as well as what remains for future spending. The fund financial statements also look at the Township's most significant funds with all other non-major funds. In the case of Township of Coolbaugh, the General Fund is by far the most significant fund.

REPORTING THE TOWNSHIP AS A WHOLE

Statement of Net Position and the Statement of Activities

While this document contains the large number of funds used by the Township to provide programs and activities, the view of the Township as a whole looks at all financial transactions and asks the question, "*How did we do financially during the year?*" The Statement of Net Position and the Statement of Activities answer this question. These statements include all assets and liabilities using the accrual basis of accounting similar to the accounting used by most private-sector companies. The basis of accounting is that of modified cash. Which means, the financial information is reported on the cash basis and also include outstanding debt and fixed assets. These two statements report the Township's Net Position and changes in those assets. This change in Net Position is important because it tells the reader that, for the Township as a whole, the financial position of the Township has improved or diminished. The causes of this change may be the result of many factors, some financial, and some not. Non-financial factors include the Township's property tax base, current property tax laws in Pennsylvania restricting revenue growth, facility condition, required public works and public safety activities, and other factors.

TOWNSHIP OF COOLBAUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

DECEMBER 31, 2014

REPORTING THE TOWNSHIP AS A WHOLE (CONTINUED)

Statement of Net Position and the Statement of Activities

In the Statement of Net Position and the Statement of Activities, the Township reports governmental activities. Governmental activities are the activities where most of the Township's programs and services are reported including, but not limited to, general government, public works, public safety, and recreation. The Township also engages in business-like activities, which includes the sewer fund. Recall that the Statement of Net Position provides the perspective of the Township as a whole.

Table 1 provides a summary of the Township's Net Position:

Interest on Long-Term Debt	(32,421)	(11,780)	(79,559)	(110,864)	(118,409)
Unallocated Depreciation	(871,582)	(871,582)	(871,582)	(954,324)	(949,325)
Enterprise	<u>(184,655)</u>	<u>(31,092)</u>	<u>(125,700)</u>	<u>(119,540)</u>	<u>(118,301)</u>
	<u><u>\$(6,363,302)</u></u>	<u><u>\$(5,980,600)</u></u>	<u><u>\$(5,414,611)</u></u>	<u><u>\$(5,496,306)</u></u>	<u><u>\$(4,835,342)</u></u>

Defining the Classifications of Expenditure:

- General Government activities includes the activities of the legislative board of Supervisors, financial administration, legal counsel, insurance, and physical plant.
- Public safety activities includes police protection, code enforcement, fire protection, and planning.
- Public Works includes general services, servicing of streets and storm sewers, and snow and ice removal.
- Cultural and recreation includes the library and parks.
- Other includes insurance.
- Interest on long-term debt and fiscal charges involve the transactions associated with the payment of interest and other related charges to debt of the Township.
- Enterprise fund involves the Townships activities in the public sewers operations.

TOWNSHIP OF COOLBAUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

DECEMBER 31, 2014

The dependence upon real estate tax revenues is apparent. For all activities, general revenue support is 80%. The community, as a whole, is the primary support for the Township of Coolbaugh. The real estate taxes for the Township are collected from township residents. The tax on real estate, as levied by the Board, was 14.00 mills (\$14.00 per \$1,000 of assessed valuation) for fiscal 2014. Assessed valuations of property are determined by Monroe County and the collectors are responsible for collection.

REPORTING THE TOWNSHIP'S MOST SIGNIFICANT FUNDS

Fund Financial Statements

Fund financial reports provide detailed information about the Township's major funds. The Township uses many funds to account for a multitude of financial transactions. However, these fund financial statements focus on the Township's most significant funds. Most of the Township's activities are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end available for spending in the future periods. These funds are reported using an accounting method called cash basis, which measures cash receipts and disbursements. The governmental fund statements provide a detailed short-term view of the Township's general government operations and the basic services it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance programs. The relationship (or differences) between governmental activities (reported in the Statement of Net Position and the Statement of Activities) and governmental funds is reconciled in the financial statements.

The following are the Township's governmental funds:

THE TOWNSHIP'S FUNDS

As indicated above, these funds are accounted for using the modified accrual basis of accounting. All governmental funds had total revenues of \$7,511,970 and expenditures of \$7,484,967. Other financing sources and uses include transfers between the funds netted to \$195,974. The net change in fund balance for the year was a decrease of \$168,971.

TOWNSHIP OF COOLBAUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

DECEMBER 31, 2014

REPORTING THE TOWNSHIP'S MOST SIGNIFICANT FUNDS (CONTINUED)

The following are the Township's governmental funds (continued):

General Fund (Major Fund)

The general fund is the operating fund of the Township and is used to account for all financial resources except those required to be accounted for in another fund. The General Fund balance is available to the Township for any purpose provided it is expended or transferred according to the general laws of The Commonwealth.

GENERAL FUND BUDGETING HIGHLIGHTS

The Township's budget is prepared according to Pennsylvania law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

Capital Projects Funds (Major Fund) account for financial resources to be used for the acquisition or construction of certain major capital facilities which are not financed by the Proprietary and General Funds.

Special Revenue Fund (Non-major Fund)

The Special Revenue Fund accounts for specific revenue sources which are legally restricted to expenditures for specified purposes. The Township accounts for the Library tax and Liquid fuels tax in this fund.

Debt Service Fund (Non-major Fund)

The Debt Service Fund accounts for resources accumulated for the purpose of funding general long-term debt obligations.

TOWNSHIP OF COOLBAUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

DECEMBER 31, 2014

REPORTING THE TOWNSHIP'S MOST SIGNIFICANT FUNDS (CONTINUED)

The following are the Township's other funds:

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the costs of providing services to the general public on a continuing basis are financed through user charges. The Public Sewer Fund is the sole Enterprise Fund of the Township.

Trust Funds are used to account for assets held by the Township in a trustee capacity. This includes the Pension Trust Fund. The Pension Trust Fund is used to account for the four retirement pension plans. The Pension Trust Fund is accounted for in essentially the same manner as the Proprietary Fund since capital maintenance is critical.

GENERAL FUND BUDGETING HIGHLIGHTS

The Township's budget is prepared according to Pennsylvania law and is based on accounting for certain transactions on a basis of cash receipts, disbursements, and encumbrances. The most significant budgeted fund is the General Fund.

TOWNSHIP OF COOLBAUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

Governmental Debt :

Series 2013 General Obligation Bonds – Governmental Type Debt

Original issue of \$2,045,000 to refund Series 2008 and to pay the cost of issuance; principal and interest are due annually on March and September 15th, at rates ranging from 1.00% to 1.50%, maturing in 2019.

Series 2001 General Obligation Notes

Original issues of \$2,000,000 of which the Township is responsible for 26% or \$520,000 originally, for the construction of a regional police building; due in monthly installments of \$3,403 with interest at 4.9% maturing 2022. *The Township does not retain any pro-rata share of the constructed asset as ownership resides with the regional police department.*

Business-Type debt :

Series 2009 Guaranteed Sewer Revenue Bonds

Original issue of \$1,831,383 for the construction and completion of the sewer treatment facility; and to repay the Township's General Obligation Notes Series 2007. The debt is payable in monthly installments of \$5,890, including interest of 1%, maturing in 2039.

Series 2008A General Obligation Notes

Original issue of \$172,967 for the construction and completion of the sewer treatment facility; The debt is payable in monthly installments of \$ 912.48, including interest of 2% . The Note was through the "Penn Works" program, maturing in 2028.

Series 2007 General Obligation Notes

Original issue of \$2,500,000 for the construction and completion of the sewer treatment facility; Proceeds have been drawn on an as needed basis. The debt is payable in 2009 with interest only due quarterly at 4.3%. PennVest is expected to refinance this obligation in 2009.

Series of 1998 General Obligation Notes

Original issue of \$1,125,264 for the expansion of the Sewer treatment facility; Principal and interest is due monthly at a rate of 1.0% maturing 2016. The PennVest debt is certified as self-liquidating.

Series 1997 General Obligation Notes

Original issue of \$357,357 for the construction and completion of the sewer treatment facility; Principal and interest is due monthly at a rate of 1.0% maturing 2014. The PennVest debt is certified as self-liquidating.

TOWNSHIP OF COOLBAUGH

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

DECEMBER 31, 2014

CURRENT FINANCIAL ISSUES AND CONCERNS

The Township of Coolbaugh continues to be financially sound. The Township of Coolbaugh has committed itself to being fiscally responsible over the years and appropriately addressing Township needs. The Township plans to continue its sound fiscal management to meet the challenges of the future.

This financial report is designed to provide our citizens, taxpayers, investors, and creditors with a general overview of the Township's finances and to show the Township's accountability for the money it receives. If you have questions about this report or need additional financial information, contact the Township offices.

TOWNSHIP OF COOLBAUGH
RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET
TO THE STATEMENT OF NET POSITION
AS OF DECEMBER 31, 2014

Total Fund Balances - Governmental Funds (CASH BASIS) \$ 1,474,160

Amounts reported for governmental activities in the statement of net assets are different because:

Capital Assets used in governmental activities are not financial resources and therefore are not reported as assets in governmental funds.

<i>General Fixed Assets</i>	26,125,431
<i>Accumulated Depreciation</i>	(14,950,340)

Long-term liabilities, including bonds and notes payable, are not due and payable in the current period, and therefore are not reported as liabilities in the funds.

Long-term liabilities at year end consist of:

<i>Bonds Payable</i>	(1,460,000)
<i>Notes Payable</i>	(239,295)

Total Net Position - Governmental Activities (MODIFIED CASH BASIS) \$ 10,949,956

TOWNSHIP OF COOLBAUGH

RECONCILIATION OF GOVERNMENTAL FUNDS STATEMENT OF REVENUE, EXPENDITURES AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES FOR THE YEAR ENDED DECEMBER 31, 2014

Total net change in fund balances - governmental funds (CASH BASIS) \$ (168,971)

*Amounts reported for governmental activities in the statement
of activities are different because:*

Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which depreciation exceeds capital outlays in the period.

<i>Depreciation</i>	(871,582)
<i>Capital Outlay</i>	222,391

Repayment of bond and note principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.

<i>Proceeds from issuing debt</i>	0
<i>Repayment of short term debt</i>	0
<i>Bonds Payable</i>	290,000
<i>Notes Payable</i>	27,508

Bond issuance costs are amortized over the life of the related debt. Bond issuance costs are expensed in the funds as an expenditure of a current resource. 0

Change in net assets of governmental activities (MODIFIED CASH BASIS) \$ (500,654)

NOTES TO THE FINANCIAL STATEMENTS

TOWNSHIP OF COOLBAUGH
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2014

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Township of Coolbaugh was founded in 1794. The Township operates under an elected Board of Supervisors, and provides the following services to its residents: public safety, highways and streets, sanitation, culture-recreation, planning and zoning, and general administrative services.

Principles Determining Scope of Reporting Entity

The financial statements of the Township consist only of the funds and account groups of the Township. The Township has no oversight responsibility for any other governmental entity since no other entities are considered to be controlled by or dependent on the Township. Control or dependence is determined on the basis of budget adoption, taxing authority, funding, and appointment of the respective governing board.

Basis of Accounting

The Township's basic financial statements consist of government-wide statements, including a statement of net assets and a statement of activities, and fund financial statements which provide a more detailed level of financial information. Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the modified cash basis of accounting. Governmental funds use the cash basis of accounting. Fiduciary funds also use the cash basis of accounting. Differences in the modified cash and the cash basis of accounting arise in the recognition fixed assets and related debt.

GOVERNMENT-WIDE FINANCIAL STATEMENTS:

The statement of net assets and the statement of activities display information about the Township as a whole. These statements include the financial activities of the Primary government, except for fiduciary funds. The statement of net Position presents the financial condition of the governmental activities of the Township at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Township's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that is required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Township. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Township.

TOWNSHIP OF COOLBAUGH

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2014

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting (continued)

FUND FINANCIAL STATEMENTS:

During the year, the Township segregates transactions related to certain Township functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Township at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. The fiduciary fund is reported separately by type.

All funds of the Township are accounted for using the cash basis. As such, revenues are recognized when cash is received, and expenses are recognized when they are paid. The accounts of the Township are organized on the basis of funds, each of which is considered to be a separate accounting entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, fund equity, revenues and expenditures.

GOVERNMENTAL FUNDS:

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following funds are used by the Township.

GOVERNMENTAL FUND TYPES

General Fund (Major Fund) is the general operating fund of the Township. All financial resources, except those required to be accounted for in another fund, are accounted for in the General Fund.

Capital Projects Funds (Major Fund) account for financial resources to be used for the acquisition or construction of certain major capital facilities which are not financed by the Proprietary and General Funds.

Special Revenue Funds (Non-major Fund) are used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes. Included in these funds are State Liquid Fuels Highway Aid, and Library funds.

TOWNSHIP OF COOLBAUGH

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2014

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting (continued)

Debt Service Fund (Non-major Fund)

The Debt Service Fund accounts for resources accumulated for the purpose of funding general long-term debt obligations.

PROPRIETARY FUND TYPES

Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises, where the costs of providing services to the general public on a continuing basis are financed through user charges. The Public Sewer Fund is the sole Enterprise Fund of the Township.

FIDUCIARY FUND TYPES

Trust Fund is used to account for assets held by the Township in a trustee capacity. This includes the Pension Trust Fund. The Pension Trust Fund is used to account for the four retirement pension plans. The Pension Trust Fund is accounted for in essentially the same manner as the Proprietary Fund since capital maintenance is critical.

MEASUREMENT FOCUS:

Government-wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the Township are included on the Statement of Net Assets.

Fund Financial Statements:

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds. The private purpose trust fund is reported using the economic resources measurement focus.

TOWNSHIP OF COOLBAUGH

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting (continued)

Cash and Investments

The Township maintains all its cash in checking and savings accounts which are covered by federal depository insurance or by collateral held by the Township's custodial bank. The Second Class Township Code authorizes the Township to invest its funds in savings accounts and certificates of deposit or time deposits provided that these deposits are insured or collateralized by a pledge or assignment of assets of the depository. In addition, the Township may invest its funds in obligations of the United States of America or the Commonwealth of Pennsylvania, including their agencies or instrumentalities, political subdivisions of the Commonwealth of Pennsylvania, and United States Treasury Bills.

Capital Assets

Capital assets are not capitalized in the funds used to acquire or construct them. Instead, capital acquisitions and construction costs are reflected as expenditures in governmental funds. In the government wide financial statements, these assets are capitalized and depreciated using the straight-line method over the estimated useful life. Fixed assets in the Enterprise Fund are stated at cost. Depreciation of equipment in the Enterprise Fund is computed using the straight-line method over the estimated useful life of the equipment.

General Fixed Assets purchased are recorded as expenditures at the time of purchase. General Fixed Assets are stated at cost when determinable, or estimated historical cost based on appraisals or other acceptable methods when historical cost is not available. Donated fixed assets are stated at their fair market value as of the date of gift.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Transfers

Legally authorized payments or authorizations to make payments from a fund receiving revenue to a fund through which the resources are to be expended are reported as operating transfers. Transfers to the pension funds are quasi-external transactions and are not treated as operating transfers.

TOWNSHIP OF COOLBAUGH

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2014

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets and Budgetary Accounting

The Township adopts annual budgets for all funds in accordance with the Second Class Township Code. All budgets are adopted on a cash basis, which is not consistent with U.S. generally accepted accounting principles. All budget amounts included in the accompanying financial statements and supplementary information are as originally adopted or as amended by the Board of Supervisors. Appropriations not expended lapse at the end of each fiscal year. The Township uses traditional, program and performance budgeting methods to develop the operating budget, which includes proposed expenditures and the means to finance them. The budget is adopted by ordinance and subject to change only by ordinance. The Township utilizes the cash basis of accounting for budgetary purposes. Once adopted, the budget is not revised or amended.

Fund Balances

The hierarchy of five possible classifications of fund balance is:

Nonspendable Fund Balance

- Amounts that cannot be spent due to form; for example, inventories and prepaid amounts. Also, long-term loan and notes receivables, and property held for resale would be reported here unless the proceeds are restricted, committed or assigned.
- Amounts that must be maintained intact legally or contractually.

Restricted Fund Balance

- Amounts constrained for a specific purpose by external parties, constitutional provision or enabling legislation.

Committed Fund Balance

- Amounts constrained for a specific purpose by a government using its highest level of decision-making authority. It would require action by the same group to remove or change the constraints placed on the resources.
- Action to constrain resources must occur prior to year-end; however, the amount can be determined in the subsequent period.

Assigned Fund Balance

- For all governmental funds other than the general fund, any remaining positive amounts not classified as nonspendable, restricted or committed.
- For the general fund, amounts constrained for the intent to be used for a specific purpose by a governing board or a body or official that has been delegated authority to assign amounts. Amount reported as assigned should not result in a deficit in unassigned fund balance.

Unassigned Fund Balance

- For the general fund, amounts not classified as nonspendable, restricted, committed or assigned. The general fund is the only fund that would report a positive amount in unassigned fund balance.

Debt and debt service

The Debt Service Fund is used to account for the accumulation of resources for, and the payment of, general long-term debt of the Township not accounted for in other funds.

Pension Plan

The Township has one defined contribution pension plan. Pension costs for the plan includes current service costs

TOWNSHIP OF COOLBAUGH

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2014

NOTE 2 INVESTMENTS AND DEPOSITS WITH FINANCIAL INSTITUTIONS

The Township, under the Pennsylvania Second Class Township Code Act of 1933, as amended, is authorized to invest in direct obligations of the United States government, obligations guaranteed by the United States government, obligations of the Commonwealth of Pennsylvania, or any political subdivision of the Commonwealth of Pennsylvania, savings or time deposits and time certificates of deposit. The deposit and investment policy of the Township adheres to state statutes and prudent business practice. There were no deposit or investment transactions during the year that were in violation of either the state statutes or the policy of the Township. To the extent the Township's deposits with financial institutions are not insured by the Federal Deposit Insurance Corporation, assets have been pledged by the financial institutions. The fair market value of pledged assets exceeded the carrying amount of deposits in the pools at year end.

Credit risk The risk that an issuer or other counterparty to an investment will not fulfill its obligations is called credit risk. The majority of the Township's investments are in U.S. Government Obligations and are therefore not exposed to this type of risk. Investments in PLGIT have received an AAAM rating from Standard & Poors.

Custodial credit risk –deposits In the case of deposits, this is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At year end, the bank balance of the Township's deposits with financial institutions including cash equivalent investments was covered by FDIC insurance up to \$250,000 per bank. The remaining balances was collateralized in accordance with Act 72 of the Pennsylvania state legislature, which requires the institution to pool collateral for all governmental deposits and have the collateral held by an approved custodian in the institution's name. The total amount of investments not secured by federal depository insurance was collateralized by securities pledged by the financial institution for such funds, but not in the Township's name.

Custodial credit risk investments For an investment, this is the risk that, in the event of the failure of the counterparty, the government will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The Pennsylvania Local Government Investment Trust was established as common law trusts organized under laws of the Commonwealth of Pennsylvania. Shares of the funds are offered to certain Pennsylvania school districts, intermediate units, area vocational-technical schools and municipalities. The Township's deposits in these pooled funds are not subject to custodial credit risk because they are not evidenced by securities that exist in physical or book entry form. These investments are reflected as cash and cash equivalents on the balance sheet. The fair value of the Township's position in the external investment pools is the same as the value of the pool shares. All investments in an external investment pools that are not SEC registered are subject to oversight by the Commonwealth of Pennsylvania.

TOWNSHIP OF COOLBAUGH

NOTES TO FINANCIAL STATEMENTS (Continued)

DECEMBER 31, 2014

NOTE 3 PROPERTY TAXES

Property taxes are levied on a calendar year basis, and are assessed on January 1st. The taxes are due June 30. A discount of 2% is available through April 30, and a penalty of 10% is charged on payments after June 30. The Township recognizes the taxes when collected. Assessed valuation is taxed at 14.00 Mills (9.11 for general, 2.89 for Debt and 2.0 electoral for Library)

NOTE 6 LITIGATION

The Township is a defendant in lawsuits concerning various matters. Although the outcome of the lawsuits is not presently determinable, in the opinion of Township legal counsel, resolution of these matters will not have a material adverse effect on the financial condition of the Township.

NOTE 4 CAPITAL ASSETS

The following is a summary of changes in the capital assets activities:

	Balance, Beginning	Additions	Deletions	Balance, Ending
CAPITAL ASSETS				
Land and Land Improvements	\$ 2,041,619	\$	\$	\$ 2,041,619

NOTE 7 DEFINED CONTRIBUTION PENSION PLANS

General

The Coolbaugh Township Non-Uniformed Pension Plan is a single employer defined contribution pension plan controlled by the provisions of The Principal Financial Group Prototype Basic Defined Contribution Plan Document used with an adoption agreement approved on October 26, 1991. The plan is governed by the Board of Township Supervisors, which is responsible for the management of plan assets. The Board of Township Supervisors has delegated the authority to manage certain plan assets to The Principal Mutual Life Insurance Company.

Plan Membership

The plan has 17 active employees and 2 participants yet to receive benefits.

Eligibility Requirements

Normal Retirement -Attainment of age 65

Early Retirement -Attainment of age 55 with six years of vesting service

Vesting -100 percent after five years of vesting service

Retirement Benefit

An active member's benefit value becomes 100 percent vested upon meeting the early or normal retirement provisions and is available for distribution.

Survivor Benefit

An active member's benefit value becomes 100 percent vested upon death and is available to the surviving spouse or beneficiary.

Disability Benefit

An active member's benefit value becomes 100 percent vested upon meeting total and permanent disability provisions and is available for distribution.

Member's Contribution

Amount or Rate -Voluntary contributions allowed.

Funding Policy

Active members are not required to contribute to the plan. The municipality has chosen to contribute at a rate of ten percent (10%) of annual pay for each eligible plan member. The plan document provides for a discretionary funding provision. The specific funding percentage maybe found in the Township ordinance. The pension plan may also be eligible for an annual allocation from the General Municipal Pension System State Aid Program, which must be used to reduce or eliminate the required municipal contribution.

NOTE 8 NEWLY IMPLEMENTED ACCOUNTING STANDARDS

During the current year, the Township implemented **GASB Statement No. 61**, The Financial Reporting Entity: Omnibus. This new guidance affects the treatment of component units within the financial statements. The implementation of this new statement did not have an effect on the Township's current financial statements.

The Township has implemented the provisions of **GASB Statement No. 62**, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements, which revises the hierarchy of applying accounting standards to certain defined transactions, and the provisions of **GASB statement No. 63**, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources and Net Position. The objective of this statement is to provide guidance for reporting deferred outflows of resources, deferred inflows of resources, and net position in a statement of financial position and related disclosures.

The District has also early implemented the provisions of **GASB Statement No. 65**, Items Previously Reported as Assets and Liabilities. The objective of this statement is to either (a) properly classify certain items that were previously reported as assets and liabilities as deferred outflows of resources or deferred inflows of resources or (b) recognize certain items that were previously reported as assets and liabilities as outflows of resources (expenses or expenditures) or inflows of resources (revenue).

The Township has early implemented **GASB Statement No. 66**, Technical Corrections, an Amendment of GASB Statements No.10 and 62. The objective of this statement is to improve accounting and financial reporting for a governmental financial reporting entity by resolving conflicting guidance that resulted from the issuance of two pronouncements, Statement No. 54, Fund Balance Reporting and Governmental Fund Type Definitions, and No. 62, Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements.
